Money can be abused just as any other thing. Money in our day means power and if a man uses that power to but off men so that they may betray their homes, their friends or their country or if a man uses his money for purely selfish purposes, he is abusing his power. All young people want money for but money to be worthwhile must be earned. A person who inherits money or gets money from gambling or profiteering or in any other way in which he does not earn it never knows the real value and purpose of money. Often he abuses it rather than uses it. What are the uses of money ? Money is a medium of exchange. It is one of the mediums we use that helps us to live together. It is to be used for food, clothing, shelter, education amusement and recreation. It is to be saved, not hoarded for sickness, old age, investment and service to others. It is to be given away to relieve suffering, for study, for mission, for welfare work, for anything that will make the world a better and happier place to live in. 10
