PRESIDENT'S MESSAGE

Greetings! Welcome to this illustrious institution that has positively shaped the lives of those who entered its portals. Often, I introspect much about the value of college education. While many would argue simply that the amount of time and money invested in a college degree should be equipoised by higher career earning. There are, thankfully, a few who wouldn't measure the worth solely in monetary terms and insist upon development of an individual's personality. In fact, both are valid criteria for return on investment. However, I would put it like this: with college, life of the mind begins. College as an opportunity for oneself to build and strengthen intellectual capital is a primary reason why college education and the overall campus experience are of great value. A student's undergraduate or graduate years will likely be one of the few occasions when learning and discovery come first.

At SD College, education is more than a collection of courses. Its full value lies not merely in what students learn in the classroom but also what students choose to do during the time spent on campus. If they prefer only to go to class and take exams, then I would say the return on their investment will be disappointing. But if our students use this time to think big thoughts, see where their imaginations take them, try something new, seek out challenges, become inspired, argue, wonder, discuss, and ponder, then the value of their college degree will be exactly what it should be—priceless.

The college takes pride in describing how we prepare students to uniquely position themselves in order to navigate a complex world with confidence and flexibility. We tend to focus on pedagogy, research experience, and practical workplace skills, but our students are distinctive for another reason: their ability to adapt to and create change. Undoubtedly, our college ensures that each student acquires the skills that enable progress, but motivation and passion, which are the drivers of transformational change, are also strongly imbedded within the culture on campus.

While here, whether inspired by their fellow students, faculty, and alumni, or through their involvement in academics and extra-curricular activities, the students are sensitized to social issues. The college underscores the tenets of a principled life and promotes engagement of students with the community through especially designed programmes. In doing so, students become aware of their capacity to make a powerful expression even through their humble contribution.

We are proud that what we do matters. We know that our students succeed as they compete with the best in the nation for jobs or places in higher education. And, we are committed to present our students with opportunities to sharpen their mind, to expand their academic knowledge, and to stretch their intellectual reach while they develop their skills as independent thinkers and confident communicators. I wish a joyful and fulfilling life to all our students during their stay here at SD College and in the years ahead!

FROM THE PRINCIPAL'S DESK

Choosing where to continue your education is a major decision and I believe that S.D. College will be a choice with no regrets, especially for students who are ambitious and are determined to succeed.

Having started from modest beginnings, S.D. College today is recognized as a premier institution in this region. It has been accredited with 'A' grade by NAAC and conferred the rare status of 'A College with Potential for Excellence' by U.G.C. We are the first ever college of Panjab University to be selected under 'FIST Program' by the Department of Science and Technology, Government of India.

S.D. College is proud of its tradition of excellence in academics, sports and cultural activities. With a learning focused environment on campus, we aim to nurture each student in order to ensure his/her journey at S.D. College is successful and improves future prospects.

The college, on the one hand, offers the opportunity for our young people to develop talents and interests in a wide range of academic, sporting, cultural, leadership and service experiences and, on the other hand, promotes a culture of acceptance and understanding of cultural diversity through day-to-day activities.

With top-of-the-line infrastructure, futuristic facilities and pronounced emphasis on quality education and multi-dimensional development of personality, the college in collaboration with the TCSion has introduced a software to make working more user-friendly and time efficient. The complete automation of college administrative functioning has proved a boon over conventional systems. The computer labs and library have also been digitalised and upgraded.

Intuiting an academic revolution that swayed towards skill-based education, we pioneered the concept of vocationalisation of education by introducing vocational courses like Computer Application, Biotechnology and Advertising, Sales Promotion and Sales Management. The college has transcended conventional learning through trans disciplinary education by introducing various pioneering and professional courses in emerging and interdisciplinary areas. We are one of the few colleges in the country to offer three innovative courses, which are M.Sc. Bioinformatics, M.Sc. Applied Chemistry (Pharmaceutical) and Masters in Entrepreneurship and Family Business (MEFB). To keep pace with the intensification in academic circles, the college is running market-oriented professional courses like M.Com., M.Sc. (IT), B.B.A., B.C.A., B.Sc. (Hons) in Biotechnology and Bioinformatics and B.Voc courses. We will introduce Choice Based Credit System (CBCS) as per guidelines of Panjab University(P.U.). The college proposes to introduce Masters in English in the ensuing session. Apart from the aforementioned courses, there are 13 'Add-On' courses which students can opt from to add a winning edge to their profiles. Integrating local depth with global width in education, we have entered into MoUs with foreign universities like University of Fraser Valley (UFV), Canada.

An effort is constantly made towards an individualised approach to tracking, monitoring and reporting learner academic progress. Our distinctive pedagogy imparts education through ultra-modern and plethora of hi-tech techniques, which are characterized by bridge courses, brainstorming sessions, seminars, conferences, case studies, career fests, projects, guest lectures and educational excursions. Furthermore, our placement cell acts as a liaison between students and prospective employers through campus placements. The college creates pathways towards higher education and employment.

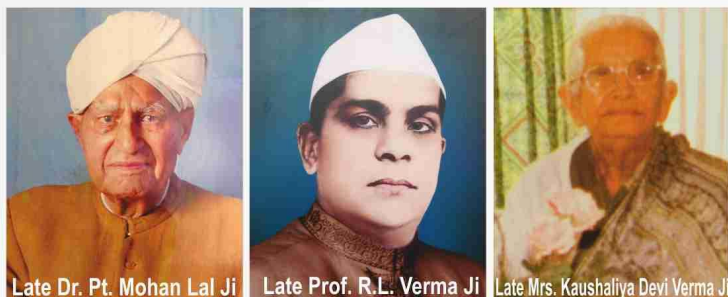

For aspiring students of emerging India, S.D. is a unique place to carve their own paths of success. It not only facilitates acquisition of degrees and diplomas, but also provides a space for each student to be acquainted with himself/herself, to grow and excel by instilling competencies and values. The college promises you a head-start in life, as you will be geared up for challenges and decision-making assignments in future.

Give yourself an edge by joining S.D. where holistic education leads to empowerment. We look forward to having you on campus and helping you shape your dreams and accomplish your aspirations.

I wish all the students joining this institution a promising career and a satisfying life!

Principal

SDCC: A SAGA OF EXCELLENCE

Excellence is never achieved in a day. Excellence has a preface-a preface, no less than a saga made up of extraordinary events, real life heroes and a foundation ornamented with valour, initiative, sacrifice and faith. A foundation, so deep rooted and concrete, which creates edifices emitting values, knowledge, thoughts to the society at large and a character to its inhabitants. That excellence is what Goswami Ganesh Dutta S.D College has achieved in its more than forty years of existence. The college is affiliated to Panjab University, Chandigarh.

Right from its very inception, the college was fortunate to have been led by eminent stalwarts. Inspired by the spirit of service and sacrifice, the institution was established on 3rd July, 1973 in the revered memory of Goswami Ganesh Dutta Ji, who envisioned Chandigarh as a focal point of culture and saw it as a potential hub for Sanatanist activities. His dream materialized under the dynamic leadership of late Pt. Mohan Lal Ji, former Education, Home and Finance Minister, Punjab, and other prominent educationists, lawyers and public men. With the efforts and collaboration of such profound workers, a first rate college was established, firmly grounded on the bricks of principles and values in its motto 'Firm in Faith and Broad in Mind'. The teething troubles of the institution were overcome by the 'karmayogi' Pt. Mohan Lal Ji, who, with his pragmatism, vision, administrative acumen and exceptional enthusiasm led the institution from the front. .

Pandit Ji was joined in his untiring efforts by the luminary Prof. Roshan Lal Verma Ji, the founder principal of the college, who donated his entire life's savings in setting up this institution. Right alongside was his wife, Ms. Kaushaliya Devi Verma Ji, who too, selflessly bequeathed her entire property for the growth of the college. The assets that she donated to the institute were later used to form a trust which helps provide support to the women of the economically weaker sections by providing them excellent career oriented courses and training facilities absolutely free of cost. .

These efforts by the founding stalwarts bore fruit and since then, the college has been imparting holistic education to the future torchbearers of the country. The Principals of the college have striven towards continuing with this saga of excellence that passed down as heritage from its founding stalwarts. Sh. D. N. Sharma served as a regular principal from 1975 to 1990. Then the principalship's torch was handed over to Sh. Umesh Chandra Sharma, who guided the college from July 1990 to July 1995. From 1995 to 2012, Dr. A.C. Vaid acted as the Principal of the College and under his laudable leadership, the college witnessed exceptional growth. On January 25, 2013, Dr. Bhushan Kumar Sharma took over as the Principal and is continuing the tradition of excellence with his able administrative acumen.

Our adopted Institute- Dr. B R AMBEDKAR SCHOOL

The GGDSD College Society extends generous support to Dr. B.R. Ambedkar Primary School run by the NGO - Citizen Association of Relief and Education Services (CARES) in Janta Colony, Naya Gaon. Our college students enrolled as Spirit India volunteers of NGO Aavahan make a significant contribution towards the over-all development of these underprivileged children. In order to impart knowledge and skills, various activities in art and craft, communication skills, moral values and healthy habits are organized frequently. Festivals like Rakhi, Diwali and special days like Independence Day, Teacher's Day and Republic Day are celebrated with a motive to inculcate a sense of national spirit amongst these small children. This year around 50 children of this school were taken for an excursion to a Sukhna Lake to light Chinese lanterns on the occasion of Diwali.

OUR COLLABORATIONS

Ten Years of Our Association with University of Fraser Valley, Canada

On November 10, 2015, University of the Fraser Valley (UFV), a top ranked Canadian university, completed ten years of signing an MoU with SD College to run their BBA programme on the college campus. The day was marked by great celebrations.

Microsoft IT Academy Program

Our college is Member Microsoft IT Academy program and we are the first ever college in the region to be selected as a Member Microsoft IT Academy program. The world-class Microsoft IT Academy curriculum will help the students to obtain the hands-on skills and experience that they need to succeed in technology careers. The program offers classroom and online learning, Hands-On Labs, and access to hundreds of courses, books, cutting-edge resources, and collaboration tools. Most important, one can earn valuable Microsoft Certifications.

MoU with NSE

A Memorandum of Understanding (MoU) was signed on September 27, 2011 between the National Stock Exchange (NSE) and the college for starting a new NSE Certified Capital Market Professional course. NSE was represented by Mr. T. Venkat Rao, Vice President Northern Region and Ms. Renu Arora, Manager NSE Delhi Office. The President of the College Governing Body, Mr. Upkar Krishan Sharma represented the college. This course is a new milestone in raising the employment prospects for the students. The course is designed to make the students competent in Securities Market. Students of any stream are eligible for this four month programme. The certificate of the course will be jointly awarded by the college and the NSE.

Institute of Company Secretaries of India: The Department of Commerce & Management is providing faculty, infrastructure and administrative help to the local chapter of ICSI. It is organizing preparatory classes of Foundation, Inter and Final stages of ICSI exams. The local chapter of ICSI is also situated in the college.

RESEARCH PROFILE

The college faculty performs high quality research across a wide range of disciplines with strong commitment to excellence and concern for the needs of both local and global problems. Staff collaborates strongly, generating multidisciplinary and innovative research funding. Our research work is funded by various agencies including UGC New Delhi, DST Chandigarh, DST New Delhi, ICSSR and HSCST Panchkula. In the previous academic session numerous research projects have been completed successfully. Our faculty has published more than 125 books and 418 research papers in Journals/proceedings of International and National reputes in last five years. The faculty members have acted as resource persons/presented their research papers in various international conferences, seminars in India and abroad. Besides this, college publishes a biannual research journal VANIJYA MANTHAN (ISSN No. 2350-0719). The college regularly invites faculty of reputed institutes to upgrade the research knowledge of our faculty and students.

The college has excellent research facilities in various departments with state-of-the-art laboratories. Besides this, many of faculty members of the college also offer research guidance to Ph.D and M.Phil students from different Universities. As many as 28 students are enrolled with our faculty for their Ph.D degree. Further our college has two research centres recognized by Panjab University, Chandigarh in the subjects of Biotechnology and Chemistry. Strong research base gives students access to a wide range of cutting edge expertise. The students of the college are encouraged to engage in healthy and meaningful research. In the final year of UG and PG programmes, students choose and carry out a research project linked to a major research area which can be laboratory, literature or computer based. The endeavor is to provide the students with invaluable experience about the intricacies of different facets of research work. While such initiatives provide the students with invaluable experience about research work; it also helps them in their professional and academic life.

Grants from UGC and DBT, GOI

The college regularly receives grants from the University Grants Commission (UGC) and different departments of the Government of India in appreciation of its high academic standards. The college has got sanction from UGC, New Delhi for continuation of the status 'A College with - Potential for Excellence' for the next five years i.e. from 1st April 2014 to 31st March 2019. As per this scheme, UGC has approved grant of ₹ 1.40 Crore. The amount can be utilized for upgradation of teaching facilities at UG and PG levels, research facilities, extension activities and establishment of internet lease line in the campus. The expert committee has recommended that for the next phase of CPE four departments (i)Bio-sciences (ii)Physics (iii)Commerce and Management and (iv)Economics should be considered as highly rated departments.

We have received grant of ₹1 crore 85 lakh to run two new vocational courses (B.Voc.) namely: Retail Management and Food Processing and Preservation from UGC. Apart from this ₹ 50 lac have also been received from UGC for starting Diploma in Medical Lab & Technology (DMLT) under Community College Scheme.

EXAMINATION

House Tests for Semester Examination

The college conducts two Mid Semesters Tests during the academic session and each student is required to compulsorily appear in both the Mid Semester Tests. No student is allowed to take these examinations without valid Identity Card.

First Mid Semester Tests

The first MST will be held in the first week of October and it will be of three hour duration.

Second Mid Semester Tests

The second MST will be held in the 2nd /3rd week of March and it will be of three hour duration.

House Tests Rules

- Absent is marked for the student who fails to appear in these exams, whatever be the reason of absence and it will be presumed that he/she has scored zero marks in that paper(s).
- Charges of Rs.500 will be imposed on the student who absents himself /herself in the MSTs without prior exemption.
- Any student who fails to fulfill the eligibility criterion is required to reappear in the Special Test held in the month of November for 1st MST and April for 2nd MST, provided the Principal permits him/her to sit for the same.
- A student found guilty of using unfair means in an examination is fined according to the gravity of the offence and is also liable for detention or expulsion. It also automatically renders the student ineligible for the award of any prize, concession, scholarship or stipend for a year.

Panjab University Semester Examination

Panjab University Examination will be held in December 2016 and May 2017.

Eligibility Conditions for Appearing in the University Examination

Each student is required to fill up University examination form in September 2016 and January 2017 for Semester examinations which will be sent only provisionally to the Panjab University, Chandigarh for the semester examination to be held in December 2016 /May 2017. The filling of the examination form is subject to the following conditions:

- a. The student has displayed good conduct during the course of his/her stay as a bonafide student of the college.
- b. The student has attended at least 75% of lectures delivered in each subject, both in the theory as well as in the practical classes. (The lectures are counted from the first day of the session, till the preparatory holidays are announced by the Principal).
- c. The student has secured at least 25% marks as aggregate in all the subjects in each Mid Semester Test.

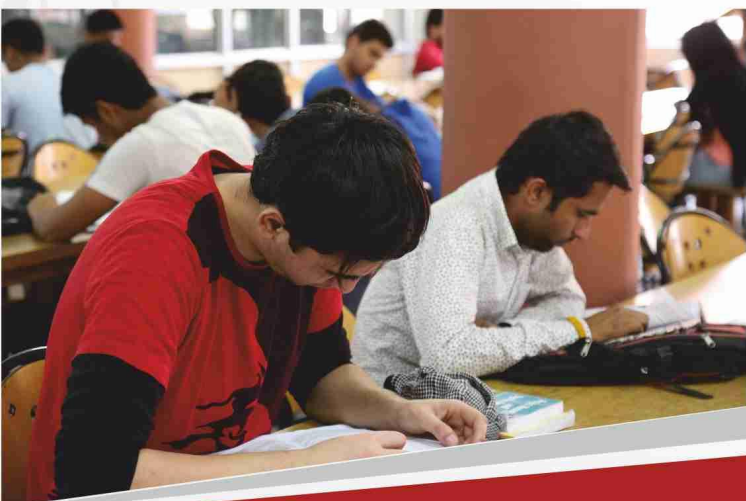

Special Test / Discretionary Test

A student, who fails to obtain 25% marks in aggregate in Mid Semester Tests for whatever reasons may be allowed to appear in a Special Test at the discretion of the Principal. Such a student shall have to / qualify the special test by securing at least 30% marks in aggregate, failing which he/she will not be allowed to sit in the examination of the University.

In case a student fails to fulfill any of the above laid down conditions, the admission form submitted by him/her and sent provisionally may be withdrawn even one day before University examination and he/she will not be eligible to appear in the University examination even as a private candidate.

Condoning of Shortage of Lectures

If the required percentage of attendance is deficient on account of certain sports/NCC/NSS/extra-curricular activities, educational excursions etc., credit may be given by the Principal for the number of days for which **prior exemption was obtained**. This condoning would be over and above the limits provided in the existing rules and regulations.

'ADD ON' COURSES

Under this programme, each student along with his/her conventional degree would be awarded an additional Certificate/Diploma/Advanced Diploma in the 'Add On' course opted for. Each student would earn a Certificate, a Diploma, an Advanced Diploma after the successful completion of first year, second year and third year respectively. A special feature of this system is the flexibility that it offers. The students have the complete freedom to diversify their field of education, and the courses that they opt for need not even necessarily be related to their core discipline. The college offers as many as 13 'Add on' courses. Furthermore, it is required that the student should opt for that 'Add On' course, which he/she has not opted as an elective subject.

LIBRARY FACILITIES

Library of the college is well stocked containing a wealth of endless knowledge and information. The library subscribes to various international and national periodicals, journals, magazines and newspapers. Library's collection includes books, periodicals, newspapers, maps, CDs, DVDs, e-journals, e-books, and databases. It contains numerous books pertaining to the course curriculum as well as general interest areas. The furnishings of the library also cater to promoting the academic knowledge aspect which inculcates in the students and faculty the desire to learn more. It conducts User Orientation Programmes every year to make familiar its new entrants with library services and facilities. The functions of library are automated with integrated ERP software named TCSiON. OPAC (Online Public Access Catalogue) is provided for searching documents which are available in the library.

In addition there is a special reference and post graduate section, which is well equipped with books and journals of both national and international repute, so as to provide an array of readings to students.

Centralised Research Facility cum Digital Library makes knowledge gathering an easy and effective process. The digital content available is stored locally or accessed remotely via computer networks. Centralised Research Facility cum Digital Library is divided into two different portions - one for the staff and other for the students. For staff, ten i7 computers are available where they can access electronic resources subscribed by institution, open access resources, CMIE Prowess Database, Statistical Software like Minitab and SPSS. Besides this, fifteen i5 computers are available for the benefit of the students. This section is equipped with 27 PCs connected to a dedicated 100 Mbps (1:1) leased line internet connection with firewall device

to ensure speedy and secure internet surfing. For the blind students the library also facilitates a screen reading software JAWS.

The college also strives to constantly upgrade and add on to the already facilitated scholarly collection. More than 865 books worth over Rs 6.05 lacs were added to the college library during the previous academic session 2015-2016. An account of the scholarly material available in the library is as follows:

DESCRIPTIONS	NUMBERS
Books	68,390
Cds	3,425
Newspaper	22
Periodicals (Journals & Magazines)	110
Encyclopedias	251
Dictionaries	531

The language of library resources is largely in English. Library has also good collection of Indian language books in Hindi, Punjabi, Sanskrit and Urdu. A special collection of books is available in French.

Pt. Mohan Lal Digitization Center of the library embraces new technologies, methods of access, workflows and preservation strategies while building sustainable digital collections to support and enrich the educational, cultural and economic endeavors of the college and communities beyond. In this section, a special collection of hand written diaries, documents, books, photographs related to our college founder Pt. Mohan Lal Ji are kept in digitized form.

SPECIAL FACILITIES

The college has carved a niche for itself in the world of academia. This has become possible because the college recognizes the need to evolve with the changing times and equip itself with the latest infrastructure and teaching-learning methodologies that are imperative to compete with the best in the market. It is with this motto that the college has set up a number of labs and smart class rooms which are equipped with the facilities that help to disseminate education that meets the highest standards.

Centralised Research Facility cum Digital Library

Keeping in view the changing technological trends, Centralised Research Facility cum Digital Library is facilitated with electronic resources and Internet services. This section of the library is equipped with 27 computers. For smooth and speedy Internet access, it has been connected with 100 mbps leased line connection.

Subscribed Electronic Resources accessible at Centralised Research Facility cum Digital Library:

- N-LIST e-resources: The library is an institutional member of INFLIBNET N-List programme through which it provides access to 6,000+ e-journals and 1,35,000+ e-books from different reputed publishers.
- EBSCO eBooks Academic Collection (access to 1,38,417 e-books from more than 450 publishers) like Wiley, Blackwell, Elsevier, Springer, Emerald, Taylor & Francis, Sage, IEEE, Ashgate Publishing Ltd., Routledge, Jones & Bartlett Publishers, Oxford University Press, MIT Press, Cambridge University Press, CRC Press, University of California Press, Harvard University Press, Stanford University, University of Chicago Press, Princeton University Press, Columbia University Press, Vanderbilt University Press, Yale University Press etc. is available in the library. These e-books are related to subjects like basic sciences - physics, chemistry, mathematics, statistics, life sciences - zoology, botany, microbiology, biotechnology, computers, economics, management, arts - literature, sociology, history, political science, environment and many more subjects.

In addition to these, JAWS screen reading software for facilitating visually impaired students has been installed on two computers.

Communicative English Lab

The Communicative English Lab is equipped with latest equipments including Mac and Windows computers. These computers are connected to the Campus Wide Network with its centre at the Department of Information Technology. These computers are equipped with Top-of-the-line software like Apple's Final Cut Pro, Quark Express, Clarity's Speech skills and Business Writing, Sky's Pronunciation Suite, Chroma Photo Pro and the Batch Water Mark are available in the lab. These are in addition to the conventional audio tapes produced by CIEFL, Hyderabad, Linguaphone Series and BBC Series.

Smart Class Rooms

To facilitate modern teaching environment, the college provides Smart Class rooms equipped with latest interactive technology like interactive meeting pads/boards, Bluetooth, digital visualizer, light touch pen, DLP multimedia kits and high resolution digital presenter UF-80 DX/ST. These classrooms create a professional environment and help the teachers in delivering the best quality education.

Research Facilities

The college aims to educate students and facilitate training in the application of research in various fields such as Humanities, Commerce and Science. To achieve this objective, the college has set up state-of-the-art Research Labs. Further, close links are maintained with professional bodies to provide programmes tailored to industry needs along with satisfying academic and vocational needs. Research infrastructure in the college includes Orbital Shaker, Cooling Centrifuge, Deep Freezer, Incubator, Laminar Air Flow, Oven, Autopipette, Microfuge, pH meter, Magnetic Stirrer, Cyclomixer, Fast Prep, Water Bath, Gel Doc, PCR and Electrophoresis, etc.

EXTENSION ACTIVITIES

Following the motto of 'Duty and Sacrifice', every associate of the college imbibes the Sanatanist values and spirit to the core and is encouraged to get involved in different spiritual and value based extension activities that are an integral component of all endeavours of the institution. The crucial needs and legitimate expectations of the community are given utmost importance and these factors are the guiding principles for organizing various extension activities like community development, health and hygiene awareness programmes, adult education and literacy programmes, AIDS awareness programmes, social work, medical camps, environment awareness and blood donation camps. These activities are organised vigorously by various clubs and associations of the college, including Spirit India, NSS, NCC, Manav Dharam Kendra and M.K.D.V. Institute for Women, in collaboration with GOs and NGOs and help stimulate student participation in community based service. Another feature added to these initiatives is that students are encouraged to associate themselves with these activities and get involved in community service during the session.

NSS

The college runs two NSS units for men and women consisting of 100 volunteers each. The primary aim of the NSS is to inculcate social responsibility in the students through community service and to stimulate the participation of volunteers in constructive and extension work in slums and backward villages. They are encouraged to understand the problems faced by the inhabitants first hand so that when they become community leaders, they may provide solutions to the ills faced by the poor. Students of all classes are eligible for enrolment in NSS. In order to successfully complete the NSS programme, each volunteer is required to put in 120 hours of work during one session. He/she also has to attend a Special Annual Camp. Enthusiastic volunteers are even selected for training in the special camps organised by the Directorate of NSS. By participating in such programmes, the students can reap different kinds of benefits too. Not only they become socially responsible citizens, but are also awarded certificates which carry an additional weightage at the time of placements and admission to higher classes.

NCC

The college has been granted 2 NCC platoons comprising 52 cadets each. During each session, an NCC cadet has to attend 30 parades and 96 periods for the award of certificate. Like NSS, the NCC certificates also carry a similar weightage. In addition to these, if any student wishes to specialize or train himself for a career in the armed forces, it becomes mandatory for him to attend two camps during the three years of his stay in the college and participate in certain service attachments, as decided by the authorities. Cadets are also groomed for a regular commission in the army and paramilitary forces. Besides these, the cadets are also offered opportunities to participate in additional service training programmes like the Republic Day Parade at Delhi, Basic and Advanced Leadership camps, etc. As part of these training programmes, the cadets are provided a complete kit catering to all their needs. However, in case of loss or damage to these kits, they need to make good the loss.

EXTENSION ACTIVITIES

Healthy Practices

Quality education has several dimensions like imparting domain specific knowledge, creating skills, practical use of knowledge of skills, overall development of the personality for greater creativity and productivity, raising the spiritual quotient of students and creating socially responsible citizens. Realizing these important dimensions of education, the institution has adopted several healthy practices for the attainment of these objectives. These include the following:

Manav Dharma Kendra

Manav Dharma Kendra has been a crucial part of the institution right from its inception. It aims to inculcate sound moral and ethical values amongst all the students of the college. This body organizes activities and lectures during the entire academic session to heighten the spiritual quotient of the students, besides fostering ideals of a cosmopolitan outlook and universal brotherhood. All students are thus encouraged to become enlightened and awakened citizens of the society.

Social Awareness & Concern

The institute helps to organise exhibitions and workshops for fund raising, medical awareness and adult education. Such participation makes students aware of significant contemporary social issues and thereby contributes to the social and national development positively. Other than numerous such camps and drives, the college also runs a organization of students and college alumni, ASHRA (Association of Students for Human Rights Awareness), which generates a strong sense of involvement and commitment in the students.

Outreach Programmes

The college aims at imbibing a deep sense of social concern amongst all its students. In order to extend a helping hand to the needy in our society and to ameliorate their condition, the college launches numerous outdoor camps which include eye check-up camps, dental check-up camps and blood testing camps in the slum areas, in and around Chandigarh. Students are encouraged to work with an NGO of their choice in each academic session. The college recognizes and celebrates such service rendered by the students and honours them in turn with Certificates of Distinction.

Participative Learning

Students are encouraged to organize different events that may be general in nature or specifically related to their subject. Such exercises help the students in applying the knowledge acquired in the classrooms, as they put to use their different sets of skills in the practical world. Every year the students of the Post-Graduate Diploma in Mass Communication bring out a newsletter "Expressions," through which they not only hone their writing and editing skills, but also gain first hand practical experience of page making and page designing. The students are also encouraged to edit various publications of the college, including the college magazine 'Tyagmurti.' It is through such endeavours that the students gain actual hands on experience that holds them in good stead.

General Tutorial System

In order to inculcate spiritual, ethical, moral and Sanatanist values in the students and channelize their energies in a positive direction, the college runs an elaborate General Tutorial System. Under this system, a small group of students is placed under the personal guidance of a tutor who acts as a counsellor and moral guide to the students. The tutor also acts as a local guardian and the students are advised to remain in constant touch with him/her. General tutorial lectures are held once a month.

Value Addition

As a part of our continuous focus on the all round development of students, we constantly motivate and train them to enhance their potential market employability. The students are encouraged to take up professional courses like C.A. / C.S. / C.F.A. / Computer courses, etc. along with their regular courses.

Cultural Enlightenment

We organize numerous cultural fests and fairs throughout the session. We also celebrate all important festivals and days that are integral to our history and culture. The endeavour is to encourage the students to participate zealously in these celebrations and thereby acquaint themselves with the significance of these occasions. Some of the important days and festivals that we celebrate with full fervour in college include the Independence Day, the Republic Day, Janamashtami, Teej, Gurpurab, Diwali, Lohri, Basant Panchami, Baisakhi and Navratras, etc. We believe that such initiatives go a long way in sensitizing the students about the rich cultural heritage that India is endowed with.

STUDENT SUPPORT & PROGRESSION PROGRAMME

Counselling Cell

The college runs a very active Counselling Cell that forever strives to cater to the various emotional needs of the students. Special counselling sessions are held with the students residing in hostels, to facilitate their adjustment and to cater to their special emotional needs. In addition to this, the cell also organizes regular life skill testing programmes in which the students are scientifically tested for their personality, life skills & capabilities on psychometric tests and measures. Detailed profile of each student is prepared and personalized counselling sessions are conducted absolutely free of cost.

Medical Facilities

At the beginning of the session, every student of the college is examined by the college doctors. If any student falls sick or suffers from any medical emergency during the college hours, every sort of medical assistance is provided to him/her and all the expenses of the treatment are borne by the college. There is also a provision that the college would meet all the medical expenses of any hosteller, if he/she happens to be hospitalized during his/her stay in the college hostel. Other than these, there are periodical medical check-up camps that are conducted the year round, absolutely free of cost. There is 24x7 medical assistant in the hostel.

Accidental Coverage

All the students of the college have been covered under the accidental insurance scheme to the tune of Rs. 1,00,000/-.

The policy covers the following events:

1. Death
2. Loss of two limbs/two eyes/one limb, one eye
3. Loss of one limb/one eye
4. Permanent total disability from injuries
5. Permanent partial disability

In addition to the above, the policy will provide reimbursement of medical expenses, subject to a limit of Rs.500, incurred by any student for his/her treatment in a hospital/nursing home as in-patient, for any injury sustained in an accident during the session. These claims will be settled by the insurance company.

Student Welfare Schemes

- Wi-Fi Campus
- Free Internet Surfing
- Book Bank Facility
- Free Remedial Classes
- Free Merit Classes
- Medical Camps for Students
- Medical Treatment for Boarders
- Accidental Insurance Scheme
- Scholarships & Freeships
- Free NET classes for SC/ST students

CULTURAL ACTIVITIES

We believe that all students possess some latent talent. All they need is a platform to discover their talent and hone their skills and artistic potential. To do so, the college offers a perfect platform to all its students. There are a number of inter and intra college activities and competitions that are organized the year round in which students get an opportunity to harness and showcase their talents.

Prize winners of P.U. Youth Fest get the certificates which carry an additional weightage at the time of placements and admission to higher classes.

Talent Search Contests

Talent Search Contests are held in the 2nd or 3rd week of August every year. Notice for the date, time and venue of these competitions is displayed well in advance on the Notice Boards of the college. The students short-listed in these talent search contests represent the college in the very prestigious P.U. Zonal Youth and Heritage Festival and various other Inter-College competitions.

SPORTS

Sports are an integral part of any educational institute and our college too strives hard to offer a healthy and conducive environment to all its sports persons. Our institution gives due attention to this significant dimension of our students' overall development. In addition to various scholarships offered by the Sports Department of the Chandigarh Administration for different games, free boarding, lodging, sports kit facilities and cash awards are provided to the students engaged in various sports activities. Moreover, we have an excellent sports faculty in the college that works with dedication towards bringing out the best in their students. It is owing to the excellent training facilities that the college offers that we have produced various sports persons of international and national repute. Our students regularly represent India in various international and national sports tournaments and championships. As an incentive to the players who participate in university tournaments, national and international sports

events, the college relaxes their conditions of attendance requirements.

The college teams participate in Panjab University Inter-college Tournaments / other tournaments in the following games:

Women: Chess, Fencing, Table Tennis, Boxing, Judo, Taekwondo, Athletics, Badminton, Net Ball, Basket Ball, Tennis, Swimming, Wrestling, Gatka, Softball, Squash, Shooting and Gymnastic.

Men: Wrestling, Soft Ball, Baseball, Handball, Cricket, Ball Badminton, Best Physique, Judo, Basket Ball, Chess, Net Ball, Taekwondo, Badminton, Squash, Boxing, Yachting, Fencing, Shooting, Table Tennis, Kabaddi (N.S.P.S.) Swimming, Water polo, Athletics, Canoeing, Kayaking, Tennis, Rowing, Football, Archery, Gatka, Volleyball, Power lifting, Weight lifting, Gymnastics and Kho-Kho.

PLACEMENT CELL

In order to facilitate the placement of the college students (from the general/vocational/professional streams) as well as the students of other colleges in the region, a very dynamic placement cell has been established on the campus. The cell works in close coordination with the student placement coordinators of various disciplines. Year after year, the placements at SD college keep getting better and better. The positions offered to the students of SD by leading global giants go out to prove the mettle of the students. In order to make students aware of current trends and thus prepare them for the market needs, extension lectures by professional consultants and experts from the corporate sector (reputed public and private organizations) are held regularly on the campus. Training sessions to guide students on how to tackle job interviews are conducted periodically. The cell also helps the students to prepare them for the competitive examinations and make students aware of the corporate culture and climate by arranging corporate internships / interactions in renowned institutions / companies / corporations. The placement cell corresponds with the prospective recruiters, arranges pre-placement talks and workshops and provides all the facilities required by the visiting companies. Over the previous few sessions, more than 90 reputed companies have visited the college campus for placements. Another high point is that Corporation Bank (A Govt. of India Enterprise) Catholic Syrian Bank, Federal Bank, South Indian Bank, HDFC Bank, Royal Bank of Scotland have enlisted our college for the recruitment of officers/cashiers etc. for their banks.

FREESHIPS AND SCHOLARSHIPS

The college provides scholarships and concession to the deserving students of the institution. These efforts not only help and reward the deserving students, but also inculcate in them a drive to perform better. The meritorious and financially weak students are helped through these scholarships and concessions which amount to a tune of Rs. 25,00,000/-. The book bank initiative, started by the college, aims at providing help to the deserving candidates. Scholarships are given to the top 10 position holders in End-Semester Examinations conducted by Panjab University. An application to the Principal duly verified by the Head of the Department at the time of admission is necessary for availing the scholarship. The institution with the assistance of Chandigarh Administration too provides half (tuition) fee concession to the students in case two children (brothers/sisters) of same parents are enrolled simultaneously in the college. Such siblings too should submit their application to the Principal at

the time of admission. The institution with the assistance of Chandigarh Administration also provides (half) tuition fee concession to those students whose parents' annual income amounts to less than Rs. 1,00,000/-. For this concession, the student must submit an affidavit or salary certificate from the employer of his/her parents. In addition to this, economically weaker students can avail themselves of the concession by applying to the Principal through a written request for the waiver and/or the books at the time of admission. Students may also apply for scholarship/fee-concession during the month of August when the notice will be displayed on the notice-board. Besides, the students can register themselves at NESP to avail scholarships under various schemes floated by State and Central Government from time to time. The college is duly registered at the National Scholarship Portal. They may also contact Dr. Jasveen Dua, convener of scholarship committee.

COLLEGE ALUMNI ASSOCIATION

Besides providing modern infrastructure facilities and offering a large number of courses, the reputation and ranking of an institution is determined by the success of its major stakeholders i.e. students. The college enjoys a sense of accomplishment and motivation through its alumni. It is a matter of great pride for the institution to share a warm bond with its alumni who are spread all over the globe. Many of the alumni have tremendous accomplishments to their credit as they are placed at prominent positions in various prestigious professions.

It is due to high academic standards offered and healthy

educational practices followed at the college that the students are groomed to excel in their respective fields including public sector undertakings, corporate houses, judiciary, media, theatre, production houses, research and academic institutes and professional consultancies etc.

The SD alumni association (SDAAC) regularly organizes and participates in various college activities for the benefit of current batches and also generously contributes towards different social causes. The alumni of the college may register themselves online at www.ggdsd.ac.in and may visit SDAAC website: sdaac.in.

GENERAL RULES AND REGULATIONS

College Leave Rules

Leave can be applied online using student's ID by filling e-leave form. In case of medical leave, a medical certificate must be uploaded/submitted along with the leave application. Leave will be granted by the Registrar. Students will get approval/rejection of leave as per college rules. Long leaves on account of medical reasons/marriage/ Ex-India leave supported by relevant documents will be granted only by the Registrar personally.

On the days when special functions are held, leave will be granted by the Principal. Leave sanctioned will not relax 75% attendance condition. In order to be eligible for P.U. semester examination, the students have to fulfill the attendance condition under any circumstances. All leaves including duty leave on account of sports/cultural/academic reasons should be got sanctioned in advance.

- **If a student remains absent without leave continuously for six days, his/her name will be struck off the college rolls. There will be only two chances of re-admission in a semester.**
- First time student can get re-admission himself/ herself.
- Second time the student will have to come with parents for re-admission.

Identity Cum Library Smart Card

Each student is issued an Identity cum Library Smart Card bearing his photograph, name and roll number. All students are required to carry their Identity Cards with them while on the campus. The defaulters will be fined heavily. If the Identity Card is lost, a duplicate card can be issued on payment of Rs. 100/-.

The Identity Card has to be deposited back at the end of the session. Defaulters will not be issued their No Dues Certificate / Detailed Marks Card / Character Certificate / Degree, etc. in case they fail to do so.

Girl Students

Special attention is paid to the general welfare and security of girls. Separate facilities like a Common Room for girls and separate tables in the college library have been provided, so as to help them feel comfortable. Arrangements also exist for providing adequate facilities for girls who want to take part in any kind of sports and extra curricular activities. Other than these, the girl students can also avail themselves of the special facilities provided by the Counselling Cell in case of emergency.

COLLEGE CODE OF CONDUCT

The students of the college are required to observe the following code of conduct both within and outside the college:

- Maintain discipline and decorum. Ragging is strictly banned in the college as well as in the hostels. A student found guilty of this crime may be punished heavily. It may lead to expulsion from the institution.
- Use of mobile phones in the class rooms and library is strictly prohibited.
- Sitting on the railings in the college campus is not allowed.
- Smoking is strictly forbidden both inside and outside the college campus, hostels and canteens etc.
- Perfect silence should be maintained in the classroom, the library and the corridors of the college, so that the atmosphere in the college remains perfectly congenial to studies.
- Show proper respect to the teachers and carry out their instructions most faithfully.
- Girl students are expected to conduct themselves with dignity, modesty and simplicity. The girl students should wear sober dresses. They should avoid the use of sleeveless dresses and skirts etc.
- Bring the identity card daily and produce it, if any member of the staff or official of the college demands it at any time. Identity card may be checked at the entry gate of the college and those without it, will not be allowed to enter.
- Abide by all rules, regulations and instructions issued by the college from time to time.
- Inculcate high moral values of life such as truth, honesty and devotion to duty.
- Students must make the best use of time and spend it in creative and constructive activities for their own betterment and that of the nation, rather than wasting it away by hanging out casually in the college or indulging in futile exercises.
- Students should be punctual in attending their classes, functions and fulfilling the appointments.

- Exhibit fine manners and excellent behaviour, use decent language, be courteous and polite in dealing with fellow students and college staff, as this would add to your own credit as also to that of your Alma-Mater.
- Observe proper decorum in and outside the classroom and at the functions organized in the college. Students should respect their parents and elders from the core of their hearts.
- There will be attendance of students at seminar(s) conference(s) organised for them. The attendance will be counted towards total attendance.
- Students should endeavour to keep the environment neat, clean and beautiful at home and at college by using the dustbins and by avoiding littering.
- Quarrels and disputes should be avoided. In the event of a dispute, a written complaint should be made to the Principal at once. No one is allowed to take the law in his/her own hands.
- Students should understand that the college property is a national trust and as such its upkeep is as much their responsibility as that of the administration. Therefore, no one should disfigure furniture or deface walls with pencil, chalk or knife marks. Damage to the college property will not be condoned under any circumstances.
- Students are required not to remove chairs/furniture from any room.
- Students must keep their vehicles at the parking place. Plying of vehicles at the college campus is not allowed.
- Utilize free period in reading books, magazines and newspapers available in the library.
- Students must make it a point to see the Notice Board and read the latest notices. Ignorance of orders duly displayed on the Notice Board shall not be accepted as an excuse for non-compliance.
- A student will be punished, rusticated or expelled from the college, if he/she directly or indirectly takes part or induces others to do so in any movement, agitation or strike in the college for any reason, whatsoever, which, in the opinion of the Principal is subversive of the college discipline.

AUTOMATION

The college has MoU with Tata Consultancy Services (TCS) and has shifted the administrative and academic base from partial automation to full automation module. TCS is offering two products iON Education Solution and Learning Exchange Module. By introducing iON education solution, all the functions are digitized, automated and connected. The students will be registered through Online Application Management System and once admitted in the college they can access their time table, attendances, leave, fee, grades, fines, library and hostel facility through this ERP solution. Faculty and students can share their e-contents, assignments, power point presentation, course schedule, examination details through Learning Exchange Module. This is a step towards the goal of excellence, ease of use, flexibility in the system and optimal use of resources.
